### Related Work

(Abridged)

Graduate Assistant	Stuart Beck	Univ. of Nevada, Las Vegas	Las Vegas, NV	Aug '24 - Present
Maintained and managed three theatrical performance spaces under the direction of a supervisor. Led lighting calls, directed crews as needed, and operated lighting for various events within the venues.				

Head Electrician	Christian Specht	Peach State Summer Theatre	Valdosta, GA	May '24 - Jul '24
Collaborated with the Technical Director and Designer to implement a repertory lighting plot for a three-show rotation at PSST. Responsibilities included hanging and focusing the plot, setting up LED and incandescent practicals, operating the lighting board during performances, and leading a crew as needed.				

Production Crew	CC Conn	Stephen F. Austin State Univ.	Nacogdoches, TX	Oct '22 - May '24
Managed and executed 4-6 small-scale productions per semester, including setting up the performance space, hanging and focusing lights, configuring the sound system, and operating both sound and lighting boards. Oversaw the student space and ensured the venue was reset after each production.				

Lighting & Production Instructor	Sam Kachefsky	Camp Lindenmere	Henryville, PA	May '23 - Jul '23
I worked as a summer Theatre Camp Counselor. In charge of managing the lighting inventory, creating a design for one of the summer productions using a repotoire plot that I took part in designing as well as conducting light hang and focus. This combined with looking after the well-being of the kids we were working with and creating lesson plans to cater to the children's interests while still being theatrically and technically focused.				

Production Assistant	Amy Sutton	Harris County PREC. 4	Tomball, TX	Jan '20 - Apr '20
Working closely with the productions Lighting Designer. Programming and running the light board. Along with working aside the costumer and producer. Helped with implementation of many design aspects.
